PROFILE

Junior web developer able to build a web presence from the ground up from concept, navigation, layout, and programming to UX and SEO.

Skilled at writing web-designed, testable, and efficient code using current best practices in web development.

Fast learner, hard worker, and team player who is proficient in an array of scripting languages and multimedia web tools.

EXPERIENCE

As I'm a fresher so I've no job experience in the industry. but I've learned and do many projects. I've built some cool apps and try to implement practically what I've learned.

FROM WHERE I'VE LEARNED

I'm a self-taught programmer. I've learned many skills from online plat-forms like youtube, freeCodeCamp, W3schools, geek for geeks etc. I also have certificates of freeCodeCamp available in my LinkedIn profile. Feel free to visit my LinkedIn profile.

JAVASCRIPT PROJECTS

I've built many javascript projects to enhance my javascript skill. The list of some apps in javascript: Quiz app, Todo list app, Color flipper app, random color generator, video background web page, Counter app, etc. All these projects' source code available in my Github repositories. Please be my guest and feel free to visit my GitHub profile.

WEBSITE PROJECTS I'VE BUILT

I've also built some website projects like an E-commerce website, pers-sonal portfolio website, fast food website, etc. All these projects' source code available in my Github repositories. Please be my guest and feel free to visit my GitHub profile.
